OUR WORKING APPROACH

1

Understand the requirement

2

Recommend the practical solution

3

Supply genuine products

4

Install professionally & support after delivery

SOLUTIONS PORTFOLIO

Core capabilities available for quotations, project supply and regular business requirements.

01 COMPUTERS & LAPTOPS

Desktops, branded laptops, custom business PCs, all-in-one systems, upgrades and accessories.

02 CCTV & SECURITY

IP / HD CCTV systems, NVR / DVR, indoor-outdoor cameras, surveillance accessories and installation.

03 PRINTERS & PRINTING

Epson, Canon, HP and Brother printing solutions, multifunction printers and consumables.

04 NETWORKING

Switches, PoE, routers, Wi-Fi, structured LAN, cabling, connectors and fiber-related deployment.

05 WI-FI / 4G CAMERAS

Smart surveillance for homes, offices, shops, remote sites and locations with limited wired connectivity.

06 IT SERVICE & AMC

Troubleshooting, preventive maintenance, system support and annual maintenance for business users.

07 WHOLESALE & RETAIL

Competitive supply for retailers, resellers, offices and institutional buyers with stock-based availability.

08 PROJECT SUPPORT

Requirement planning, quotation, product selection, supply, installation coordination and post-installation support.

CCTV & SMART SURVEILLANCE SOLUTIONS

Reliable surveillance architecture for offices, shops, warehouses, residential sites and project locations.

IP / HD CCTV • NVR / DVR • Indoor / Outdoor

01

IP / HD CCTV SYSTEMS

Camera, recorder, storage and accessory planning for practical site coverage.

02

NVR / DVR & STORAGE

Recorder selection, channel planning, HDD sizing and deployment support.

03

WI-FI / 4G CAMERAS

Smart camera options for flexible and remote surveillance requirements.

INSTALLATION SUPPORT

Site requirement review, camera placement planning, structured cabling, PoE / power planning, configuration and final handover support.

AFTER-SALES FOCUS

Service support continues after supply or installation, helping business users maintain stable surveillance performance.

COMPUTING & PRINTING

Business desktops, laptops, printing systems and supply support under one roof.

COMPUTERS & LAPTOPS

Business Computing

- Branded laptops and desktops
- Custom assembled PCs
- All-in-one systems
- RAM / SSD / storage upgrades
- Accessories and peripherals

PRINTERS & PRINTING

Printing Solutions

- Epson, Canon, HP and Brother
- Ink tank and laser printers
- Multifunction systems
- Business printing requirements

Retail & Project Orders

ONE PARTNER FOR PRODUCT + SUPPORT

Braintech combines supply capability with practical technical guidance, making it easier for companies to source compatible systems, receive professional quotations and coordinate after-sales support from one local partner.

NETWORKING & INFRASTRUCTURE

Structured connectivity for offices, buildings, surveillance networks and project sites.

NETWORK FOUNDATION

Reliable switching, PoE, Wi-Fi and structured cabling form the backbone of modern IT and CCTV deployments.

01 SWITCHING & PoE

Gigabit switching, PoE connectivity and uplink planning for CCTV and LAN deployments.

02 ROUTERS & WI-FI

Wireless coverage and internet distribution for office and commercial environments.

03 STRUCTURED LAN

Cat6 cabling, RJ45 termination, patching and organized network connectivity.

04 FIBER SUPPORT

Fiber-related accessories, deployment coordination and connectivity for longer distances.

PROJECT INFRASTRUCTURE SUPPORT

From quotation and material planning to installation coordination, Braintech supports networking requirements as part of complete IT and surveillance projects.

Switches • PoE • Routers • Wi-Fi • LAN Cabling • Connectors • Fiber-related accessories

SERVICE, AMC & PROJECT SUPPORT

A structured approach from requirement discovery to post-installation support.

01 REQUIREMENT

Understand site, usage and business need.

02 SOLUTION

Recommend practical product and architecture.

03 QUOTATION

Provide clear product and project quotation.

04 SUPPLY

Arrange genuine material and project items.

05 INSTALLATION

Coordinate deployment, setup and testing.

06 SUPPORT

Provide service and after-sales assistance.

ANNUAL MAINTENANCE SUPPORT

Preventive maintenance and technical support can be planned for business systems to reduce downtime and keep essential technology operational.

- CCTV systems
- Computers & laptops
- Printers
- Networking / connectivity

CORPORATE PROJECT SUPPORT

Suitable for companies, offices, retailers and institutions that need one point of coordination for product supply, installation and ongoing service.

Quotation-ready scope

- Product selection
- Bulk / project supply
- Installation coordination
- Post-installation support

WHY THIS MATTERS FOR COMPANIES

Fewer vendors, clearer responsibility and faster coordination between material supply, installation and support.

BRANDS & TECHNOLOGY

Major product categories and technology brands handled by Braintech.
